During the year under report the energy, dedication and technical expertise of second line of leadership combined with experience of our founder members helped Jharkhand women's association to surpass the boundary of state without compromising with quality.

The Issues of people and the people have our main concern and strength since its inception. We started barefooted, empty handed without any ostensible means and resources. But we had a challenging mind full of socially useful adventurous life, thoughts full of concrete action and overall a socially sensitive heart full of commitment, and Endeavour that resulted into "Prakash Kunj" that you see today. Salute of our founder members, A unique blend of academics, social actions, cultural activities, experience aptitude, attitude, determination, enthusiasm and habit of introspections of volunteers spread in interior villages, have been the main assets of the organization. "Prakash Kunj" feels proud of involving people and their resources for translating its ideas and values into practice without compromising with its stands and values.

Some times accommodations and assimilation both become necessary for adjustment and smooth functioning. Therefore, in the changing contest if the organization focused on capacity building, skill development, leadership development, skill up gradation it also stood strongly against discriminations, exploitation, corruption and anti-people practices.

Sjk has always believed that in the era of Globalization individual with knowledge and skill have great opportunity. Our efforts for skill development of socially and economically deprived section of the society in general, and Tribal, Women, children, School drop-out youths, Survivors of violence in particular provided them alternative employment opportunisms.
